EDUCATION

National University - Manila
BS Information Technology with Specialization in Multimedia Arts and Animation
2023 - Present (Expected September 2027)
Relevant Coursework: Graphic design, typography, layout design, branding, color theory, digital media, multimedia production, animation.

EXPERIENCE

Graphic Designer - NU Wizards Circle (NUWC), Creatives & Publicity Team 2024 - 2025

- Produced an 18-post social media campaign for College Rivalry Games 2025, covering the full run from pre-event teasers through the final results recap; designed publication materials, managed the posting schedule, and wrote captions with the National University Central Student Government (NUCSG) and NUWC creative teams.
- Designed a 10-post campaign for the Triwizard Tournament, a 6-team tournament across 3 game titles, applying the brand guidelines of partner organizations (AcadArena Education, Pocky) to publication materials from creative briefs and partnership requirements.
- Managed publication materials from brief to publishing across the organization's events; built posting schedules and coordinated with internal teams and partner brands, keeping all campaigns on schedule.
- Developed ID cards for events and members: 5 print-ready role-specific designs plus the card back for the Estudyante Esports (EE) Caravan at NU-Manila with Dark League Studios, worn by staff throughout the event; designed 246 member cards printed on PVC and distributed in 2024.

Graduation Slides Production - NU-Manila Graduation Committee 2025

- Laid out graduate names, photos, and accomplishments into the official 119th Commencement Exercises slides for 800+ graduates across 7 colleges, working within the committee's template and adjusting visuals to the event program during speaker rehearsal.

PROJECTS

Restaurant Branding Concepts - Concept Projects 2026

- Designed brand identities for 3 fictional food brands: Kaze Ramen Bar (logo, tagline, and a menu with 6 dishes and peso pricing), The Barton Kitchen (charcuterie workshop poster), and La Pâtisserie (7th anniversary poster), each with its own typography, color palette, and visual tone.

Creative Food & Product Photography - Group Coursework 2026

- Planned and styled 4 creative product shoots, managing props, materials, and shot lists, and led concept development and plating for 3 food photographs. Handled composition, lighting, and color correction across both shoots; selected work was exhibited at the NU CCIT TechFiesta 2026 photography exhibit alongside a personal landscape piece.

Social Media Promotional Content - Concept Projects 2024

- Designed a three-page Fortnite Crew "Advertisement with Benefits" and a four-page promotional set for a PUBG Global Championship concept, structuring, benefits and team lineups into scannable layouts with clear hierarchy and tournament branding.
